4. FAKE NEWS: NEWLY CONSTRUCTED BRIDGES ARE COLLAPSING BECAUSE OF POOR QUALITY

FACT CHECK: No new bridge has collapsed. The two reported incidents are opposition propaganda and sabotage. A section of the road on the bridge was drilled and hammered by the opposition elements. The sabotaged section was immediately rehabilitated and security men posted for protection. The other incident was a road actually done by the Oyetola administration at Ile Ife which the opposition claimed to be under the current government at Modakeke. The GPS of the said bad road was posted which proved that it was at Ile Ife, not Modakeke as contained in the APC propaganda.
